

Gaelscoileanna Project Officer

Reporting to the Science and Technology Programme Manager, this role will lead in engagement with the Gaelscoileanna community at primary level in the Republic of Ireland. The role will target and engage with Gaelscoileanna (3rd-6th classes) to support them to engage with our Gaelscoileanna STEM Programme as part of ESB Science Blast.

For this role, we are seeking an enthusiastic and capable individual to join the RDS Science and Technology team.

Key responsibilities:

- Identify, target and support schools resulting in increased Gaelscoileanna participation
- Communication with 'target' schools through phone/mail campaign
- Management of relationship with target schools
- Provision of in-person support to target schools
- Development and provision of support sessions & courses for participation in the Gaelscoileanna STEM Programme
- Development of digital supports in Irish for website
- Engagement with RDS Communications Officer on school communication and social media so English and Irish comms align
- Engagement with key Gaelscoileanna stakeholders
- Engagement in networking events (particularly those in Irish) to represent ESB Science Blast
- Other requirements as assigned by the Science and Technology Programme Manager

Successful applicant requirements:

- Third level qualification and experience in Primary Education
- Fluent in Irish
- Qualification or experience in STEM subject / environment
- Experience in development of CPD course or similar
- Excellent organisation skills and ability to use own initiative
- Ability to build & maintain relationships with stakeholders
- Excellent communication skills both written and verbal
- Full driver's licence and own transport
